**FOR IMMEDIATE RELEASE:**

**RMK Management Corp. Receives  
Six CAMME Awards at 14<sup>th</sup> Annual Gala**

Chicago-based RMK Management Corp. took home six awards at the 14<sup>th</sup> annual Chicagoland Apartment Marketing and Management Excellence (CAMME) Awards held at the Chicago Hilton and Towers on Friday, October 6.

Presented by the Chicagoland Apartment Association in conjunction with the Chicago Tribune and Apartments.com Magazine, the awards recognize Chicago-area apartment communities and personnel who have made significant contributions to apartment marketing and management. The association presented awards in management, leasing, renovation, landscaping and models to the 1,000-plus industry professionals in attendance.

“We work extremely hard year in and year out to provide our residents with an exceptional living environment,” said Diana Pittro, executive vice president of RMK Management Corp. “We are flattered that our peers have recognized our hard work and that they appreciate the effort we make to put forth great communities.”

According to Pittro, the night was highlighted by receiving top honors for Best Community Amenities at Versailles on the Lakes in Oakbrook and Best Floor Plan (for a two-bedroom residence) at Coventry Glen at Valley Lake in Round Lake.

“These two awards reflect the company’s commitment to offering residents not only suitable living space, but also exceptional communities that make their everyday lives easier and more enjoyable,” said Pittro.

The community amenities at Versailles on the Lakes include a state-of-the-art, two-story, 5,888-square-foot clubhouse. The \$1.5 million facility includes a media room, business center, conference room, demonstration kitchen for catered parties and cooking demonstrations and a 28-seat stadium-style movie theater with a 123-inch, high-definition television with surround sound.

Versailles on the Lakes also offers two large swimming pools, each with a bathhouse and deck for sunbathing, and two tennis courts.

The winning floor plan at Coventry Glen at Valley Lakes features a private entry, 9-foot ceilings, separate living and dining rooms and walk-in closets to accompany each bedroom. The layout also includes a separate computer area.

According to Pittro, with more people working remotely today, having a place to comfortably conduct business in the home is a terrific feature that a number of renters value. “For today’s renters, a floor plan’s layout and design must be both functional and eye-catching,” said Pittro.
