FOR IMMEDIATE RELEASE:

**RMK Management Corp. Receives
Eleven CAMME Awards at 15th Annual Gala**

Chicago-based RMK Management Corp. took home eleven awards at the 15th annual Chicagoland Apartment Marketing and Management Excellence (CAMME) Awards held at the Chicago Hilton and Towers, Friday, October 26.

Presented by the Chicagoland Apartment Association in conjunction with the Chicago Tribune and Apartments.com, the awards recognize Chicago-area apartment communities and personnel who have made significant contributions to apartment marketing and management. The awards were presented in management, leasing, renovation, landscaping and models to the more than 1,100 industry professionals in attendance. This year's awards included 377 nominees in 74 categories.

"We go to great lengths to provide our residents with exceptional living environments, both within individual apartments and in our apartment communities," said Diana Pittro, executive vice president of RMK Management Corp. "We are flattered that our peers have recognized our hard work."

– **More** –

According to Pittro, RMK was particularly pleased with the positive response garnered by the newly-opened Regency Place in Oak Brook Terrace. In its first year eligible for the CAMMEs, Regency Place won four awards including the overall community award for a mid- or high-rise apartment community.

Touting an 8,600 square-foot clubhouse, Regency Place also won the award for community amenities in a mid- or high-rise. The clubhouse features a state-of-the-art fitness center; sparkling, heated indoor pool, with a spa, sauna and steam room; media room, with 126-inch screen television with DVD hook-up and stadium-style seating; cyber café, with wireless Internet access; and an outdoor area with a fireplace and grilling area.

“We just celebrated Regency Place’s grand opening over the summer, so we’re thrilled to already be receiving industry accolades,” Pittro added.

RMK also received the overall community award and the community amenities award in the garden apartment category for its other community in Oakbrook, Versailles on the Lakes.

The 5,888-square-foot clubhouse at Versailles on the Lakes includes a media room, business center, conference room, demonstration kitchen for catered parties and cooking demonstrations and a 28-seat stadium-style movie theater with a 123-inch, high-definition television with surround sound. It also features two large swimming pools, each with a bathhouse and deck for sunbathing, and two tennis courts.

Pittro noted that RMK was also quite pleased that Bob Belepido, who has been with RMK for more than 20 years, won the award for Chief Engineer/Maintenance Supervisor for his work at Fox Valley Villages, and RMK-managed community in Aurora.

“Bob has been responsible for overseeing not only day-to-day maintenance issues, but also a major exterior renovation. The community is now starting an interior renovation as well, so he’ll continue to have a lot on his plate. His organization and attention to detail have made the changes go smoothly both for the residents in the community and the company,” said Pittro.
